ASPHALT PAVEMENT SEALER

*Experience the NEYRA difference*

## ASPHALT EMULSION PAVEMENT SEALER

Neyra AE is Neyra's newest polymer-modified, mineral reinforced asphalt emulsion sealer. Neyra AE performs with superior durability, adhesion and flexibility. Formulated as a weather protective, water resistant coating for asphalt surfaces, Neyra AE is environmentally friendly and has virtually no PAHS.

## WHY ASPHALT PAVEMENT DETERIORATES

- ▶ Unprotected pavement is damaged by environmental effects.
- ▶ Sunlight, moisture and gasoline leave surface gray, open and porous.
- ▶ Moisture is allowed to penetrate. Hydraulic pressure and freeze-thaw increases the size of the cracks.
- ▶ Aggregate washes away and cracks grow larger.
- ▶ Pavement begins to fail.

## HOW NEYRA AE SEALER PROTECTS

- ▶ Shields against the drying action of the sun and ultraviolet rays.
- ▶ Protects against the number one pavement-destroying force: water.
- ▶ Resists damage caused by gasoline, oil, leaks and spills.
- ▶ Bonds firmly to the surface to provide an even-textured, durable barrier.
- ▶ Restores that rich, black look of new pavement.

## NEYRA AE SEALER ADVANTAGES

- ▶ **ENVIRONMENTALLY FRIENDLY**  
Neyra AE is a low VOC, non-flammable coating that contains no coal tar to irritate skin or emit coal tar odors.
- ▶ **APPROVED FOR USE IN BANNED AREAS - LOW PAH CONTENT**  
Contains less than 0.1% Polycyclic Aromatic Hydrocarbon (PAH) content. Approved for use in areas banning high PAH Sealers.
- ▶ **FAST DRY AND CURING**  
Higher solids, polymer modified asphalt emulsion allows for a faster cure, opening to traffic faster.
- ▶ **PROTECTS AND BEAUTIFIES**  
Neyra AE forms a tight seal that is impenetrable to the destructive effects of sun, water and chemicals giving your pavement a deep black long lasting color.
- ▶ **TOUGH AND DURABLE**  
Neyra AE is a polymer modified, mineral reinforced asphalt emulsion blended with emulsifiers and surfactants for superior durability, adhesion and flexibility.

## FOR OVER 40 YEARS...

Neyra Industries has been a leader in the pavement maintenance industry. It is our passion to develop high quality products that exceed industry standards and meet the individual needs of our customers.
