

NEYRA ROAD RENEW

Asphalt
Based
Pavement
Coating

High Performance Coating for Roads,
Streets and other Pavement Surfaces

ROAD RENEW

NEYRA

Premium Coating
for Ultimate
**Pavement
Preservation**

Road Renew is a high performance asphalt emulsion coating blended for superior adhesion, durability and flexibility.

With a high polymer-modified formula, Road Renew replenishes the binder that deteriorates over time due to normal wear, weather and oxidation giving pavement a renewed deep, rich black color.

Road Renew provides lasting protection and reduces both cleaning and maintenance costs of your investment.

Benefits

- Highly Durable
- Slip-Resistant
- Cost Effective
- Easy to Apply
- Minimal Impact on Traffic
- Extends Pavement Service Life

ROAD RENEW

Use Road Renew on streets, roads and other Pavement Surfaces:

- Parking Lots
- Neighborhoods
- Low Traffic Roads
- Highway Shoulders
- Gated Communities
- Airport Taxiways
